Notes from ASA President - Chris R. Clatworthy

Difficult, scary, unusual, strange...just some of the terms I have heard, as I am sure you have, to describe the period of time we are going through. All of those terms are very accurate depending on the person and what they are going through. I am also sure everyone has taken calls from clients who are facing health, financial and economic

difficulties. It is another good reminder to make sure to appreciate family and friends and spend time with them whenever possible.

As you are aware, the ASA Board had to make the difficult decision to cancel our June 1, 2020 seminar. We had to work with our speaker and notify the Benton Event Center so we were forced to make that decision early. Now, we are faced with the same decision regarding our July 27, 2020 seminar. Since we are still uncertain of how the COVID-19 situation will be by that time and we have to give advance notice to the speaker and Benton Event Center, we have elected to cancel the July 27, 2020 live seminar and to host the seminar via live streaming. The ASA Board felt that was the best decision for the benefit of our members. The eight-credit-hour Compilation and Review webinar will be held on July 27, 2020. You should be receiving information regarding the seminar in the near future. We certainly do not

take making these decisions lightly, but have to do what we feel is in the best interest of everyone's health and safety. Hopefully, we will be able to resume our live seminars soon.

Please continue to stay safe and keep a positive attitude as we navigate these difficult times.

It is an honor to serve as your president.

- Chris

IRS: Economic Impact Payments Report

The Treasury Department and the Internal Revenue Service recently released updated state-by-state figures for Economic Impact Payments, with approximately 130 million individuals receiving payments worth more than \$200 billion in the program's first four weeks. "We are working hard to continue delivering these payments to Americans who need them," said IRS Commissioner Chuck Rettig. "The vast majority of payments have been delivered in record time, and millions more are on the way every week. We encourage people to visit IRS.gov for the latest information, FAQs and updates on the payments."

More than 150 million payments will be sent out, and millions of people who do not typically file a tax return are eligible to receive these payments. Payments are automatic for people who filed a tax return in 2018 or 2019, receive Social Security retirement, survivor or disability benefits (SSDI), Railroad Retirement benefits, as well as Supplemental Security Income (SSI) and Veterans Affairs beneficiaries who didn't file a tax return in the last two years. For those who don't receive federal benefits and didn't have a filing obligation in 2018 or 2019, the IRS continues to encourage them to visit the Non-Filer tool at IRS.gov so they can quickly register for Economic Impact Payments. People can continue to receive their payment throughout the year.
